# ABOUT RAM® MOUNTS

RAM® Mounts manufactures rugged and versatile mounting systems for phones, tablets, and other mobile devices that can be attached nearly anywhere. Unlike other mounts on the market, RAM® allows you to secure devices where you need them most. The unique design of the RAM® Mounts system provides quick installation, adjustability, strength, vibration damping, and durability—all at a low cost. Backed by a lifetime warranty, RAM® uses powder-coated, marine-grade aluminum with lightweight and high-strength composites, stainless steel hardware, and rubber balls.

## THE RAM® DIFFERENCE

### PREMIUM DESIGN

The rubber ball and socket design of our mounting systems offers a secure hold, with near-infinite adjustability and vibration damping for the most demanding environments. With thousands of components trusted by users around the world, we've been able to design and develop mounting solutions that consumers and companies previously only dreamed were possible.

### CUSTOMIZABLE

Take your phone mount from your truck to your boat, or mix and match components to create your ideal mount. Because of the modularity of the RAM® system, you can customize your solution to fit your specific needs in almost any application.

### QUALITY MATERIALS

A premium design deserves the highest quality materials available, from rubber and stainless steel to high-strength composites and marine-grade aluminum. Our facilities—including powder coating, die casting, rubber injection molding, and shock and vibration testing—help us deliver on this promise to bring you inventive mounting solutions.

### LIFETIME WARRANTY

It's simple. Our reputation as the leader of premier mounting systems means if we build it, then we guarantee it. We're confident in the quality of our products, and with our warranty, you can be too.

## NATIONAL PRODUCTS INC. (NPI)

Introduced in 1995, National Products Inc. (NPI) quickly became the leading manufacturer of rugged and versatile mounting solutions. RAM® Mounts has grown to offer approximately 5,000 modular components—the most innovative product line of its kind for nearly any application and device, including phones, tablets, GPS systems, laptops, marine electronics, printers, radios, and much more.

In addition to RAM® Mounts, NPI is also the creator of award-winning IntelliSkin® sleeves and GDS® Technology™ products. IntelliSkin® sleeves ruggedize a wide range of consumer phones and tablets, while the GDS® Ecosystem™ provides users the ability to securely charge, dock, and sync devices in the most demanding environments.

NPI is proudly located in Seattle, Washington in the same neighborhood where the company was started.

## PARTNER WITH RAM® MOUNTS

Here at RAM® Mounts, we believe that unfathomable things are possible with ingenuity. With a portfolio of more than 5,000 SKUs paired with innovative engineers and in-house product experts, we have the tools and expertise needed to create solutions that you didn't know were possible. We have the ability to solve your mounting challenges quickly, efficiently, and cost effectively.

# HOW IT WORKS

## DOUBLE BALL MOUNTS

Choose from a selection of holders, socket arms and ball bases to build a custom mount for your specific needs. Additional bases may be chosen so that your mount can support multiple devices, or can be transferred to alternate mounting locations.

1

### CHOOSE A HOLDER

RAM® offers a wide selection of holders for your specific device.

2

### CHOOSE AN ARM

Select an arm based on your desired length and placement.

3

### CHOOSE A BASE

Select from a variety of bases to help secure your device where you need it.

Double ball and socket technology allows for near-infinite adjustability of your RAM® mounting system

Highly adjustable

Vibration damping

### GENERAL RULE

B size ball & socket mounts are recommended for handheld devices, phones, GPS, and small tablets

C size ball & socket mounts are recommended for larger, heavy duty tablets, and are used in the RAM® No-Drill™ laptop mounts

RAM® No-Drill™ laptop mounts

# DASHBOARD MOUNTING RAM® TOUGH-TRACK™ FOR JEEPS

Compatible with '18-23 Jeep JL, JLU, and Gladiators, mounting RAM®'s first vehicle-specific Tough-Track™ creates an ideal device setup for overland and off-road enthusiasts. Consisting of a dash mounting plate and a top-loading 12" Tough-Track™, this no-drill dash track couldn't be easier to install, seamlessly fitting into the dashboard's cubby space. Easily attach RAM® Track Ball™ components along with double socket arms and device holders for phones, small tablets, GPS units, radios, cameras, and more.

# DASHBOARD MOUNTING RAM® TOUGH-TRACK™ FOR BRONCOS

Designed for '21-23 Ford Broncos, this track converts your dashboard into a full-length track mounting area. Consisting of two top-loading black aluminum 13" RAM® Tough-Track™s attached to three grips, installation is easy with no drilling required. Simply remove the center hex bolt, align the grips to the defrost ducts, and reinstall the hex bolt through the center grip. This track features rounded edges to ensure dashboards stay pristine and is compatible with all Bronco trim levels.

### CUP HOLDER MOUNTING RAM® STUBBY™

With a durable base and flexible support fins, the RAM® Stubby™ base is portable and versatile mounting solutions for your vehicle's cup holders. Fits any cup holder from 2.57" - 3.5" in diameter.

**RAP-B-299-4U**  
RAM® Stubby™

### SEAT MOUNTING RAM® TOUGH-WEDGE™

Drop in the RAM® Tough-Wedge™ for a quick and easy device mount that doubles as a barrier for dropping items in between the seats. This easily removable solution is perfect for long drives with the kids by simply swapping the Tough-Wedge™ around to face the back seat—add a tablet holder and you've successfully converted the back seat into a movie theater.

**RAM-B-407U**  
RAM® Tough-Wedge™

## GRAB HANDLE MOUNTING

Keep your devices out of your field of view and off the windshield by mounting to your vehicle's grab handle. With the right hardware and the RAM® ball adapter base, you can use RAM® components to create a clean mounting solution.

# RAM® NO-DRILL™ VEHICLE MOUNTS

Vehicle mounting solutions from RAM® Mounts are the top choice for securing laptops, tablets, add-ons, and more. Our No-Drill™ vehicle bases are easy to install using only the existing seat bolts to your specific vehicle. We have many vehicle bases to choose from that fit seamlessly in your specific car, truck, or van — and universal options for all other vehicles. These mounting solutions have become a popular choice for tablet mounting using the large tablet screens for navigation and in-vehicle entertainment.
